

GOLDEN HORSE ADMITTED TO ASX TRADING TO COMMENCE MONDAY, DECEMBER 16, 2024 (AEDT)

Highlights

- **Golden Horse Minerals admitted to the Official List of ASX today.**
- **CDIs to commence trading on the ASX at 1.00pm (Sydney, Australia) under the ticker code GHM.**
- **The Company successfully raised the maximum amount of A\$18 million (before costs).**
- **The exploration programs planned for 2025 will focus heavily on Mineral Resource definition drilling and brownfields exploration along with minor amounts towards greenfields exploration across the Southern Cross Project.**

Golden Horse Managing Director & CEO Nicholas Anderson said:

“The Board and management team of Golden Horse would like to take this opportunity to thank existing and new securityholders for their strong support during the ASX listing process. We are committed to working diligently to maximise our strategic position in the Southern Cross region, with the objective of delivering real value to our shareholders.

“Golden Horse is 100% focused on drilling our priority targets which we believe are capable of unlocking the immense potential of the region for additional resources and new discoveries.

“The Company anticipates significant news flow as we undertake stage one drilling and I look forward to keeping securityholders informed of our progress.”

Perth, Western Australia (12 December 2024) - Golden Horse Minerals Limited, (ASX: GHM / TSXV: GHML) (“**Golden Horse**” or the “**Company**”) is pleased to announce that its Chess Depository Interests (“CDIs”) will commence trading on the Australian Securities Exchange (“**ASX**”) on 16 December 2024 from 10.00am (WST), following admission to the Official List of ASX earlier today.

With a successful A\$18 million (before costs) capital raising managed by Euroz Hartleys and Canaccord Genuity (Australia), Golden Horse’s planned comprehensive exploration activities include:

- **Mineral Resource Definition Drilling** at key prospects such as Hopes Hill, Hakes Find, and Pilot, aimed at establishing a solid gold resource base.
- **Brownfields Exploration** at sites like Greenmount and Baby Queen, aimed at expanding known gold zones using existing infrastructure and historical mining data.
- **Greenfields Exploration** to systematically test new targets, aimed to provide continuous target generation and discovery.

A DISTRICT-SCALE OPPORTUNITY

Golden Horse’s flagship Southern Cross Project spans over 130 kilometres of the Southern Cross Greenstone Belt, a region known for hosting world-class, 1+ million-ounce gold deposits (see Figure 1). This extensive tenement package positions the Company as a major player in the district, offering both advanced and untapped greenfields opportunities.
