

INVESTOR WEBINAR INVITATION

Golden Horse Minerals Limited (**ASX: GHM**) (**Golden Horse** or **Company**) is pleased to invite shareholders and interested parties to attend an upcoming webinar presented by Managing Director Mr Nicholas Anderson.

The webinar will be held:

Thursday 22 May 2025
9:30 am AWST / 11:30 am AEST

Registration: https://us02web.zoom.us/webinar/register/WN_d_AkCT3WSzezBiqo4vdPNg

During the webinar, Mr Anderson will discuss Golden Horse's highly active drilling at its Southern Cross project with a series of high-grade gold intercepts made at Hopes Hill.

Recently, Golden Horse announced further assays from 15 reverse circulation (**RC**) drill holes which returned numerous plus 20 gram x metre¹ gold intercepts over the entire length of the 1.3km long Hopes Hill mineralised trend².

To date, a total of 38 RC holes have been drilled for over 7,600m since late January 2025 with multiple wide, high-grade intersections that clearly demonstrate a large gold system under the entire historical Hopes Hill pit.

With the recent Western Australian Government's Exploration Incentive Scheme funding grant for deeper drilling at Hopes Hill, the Company is planning on mobilising a diamond coring rig to site in the coming months to complete both deeper drilling and to provide enhanced geological structural knowledge of the mineralisation³.

A recording of the webinar will be made available on the Company's website following the event.
